

# Rack Pro 1

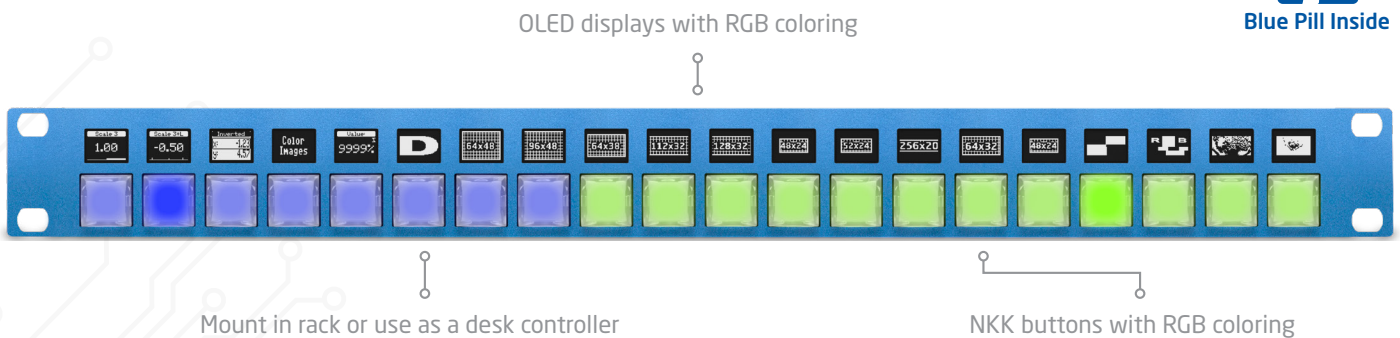

## With Blue Pill Inside

In a fast running production environment our high quality NKK buttons gives you professional tactile control of multiple devices. This product is rack-mountable with an industry standard size of 19" width and 1U height which means it fits perfectly in your equipment rack and on your table.

Get the freedom to decide how to setup your controller exactly the way you want. As with all SKAARHOJ products, all hardware components are fully configurable.

Blue Pill Inside

SKAARHOJ Universal Controllers supports more than 120 different devices, and counting! Check out our website's "Device Core" section, to see what can be controlled at <https://www.devices.skaarhoj.com/>. The flexible User Configuration makes it possible to assign and add the functionality you need from the controller. All controllers are IP-based, and can have Remote Control with PoE. All SKAARHOJ products are designed and built in Denmark.
